

IMPORTANT PRODUCT UPDATE

FOR IMMEDIATE RELEASE

Tuesday October 11, 2016

Boisbriand, Quebec, Canada

OSHPD SEISMIC OPTION ON TOTALPAC-3

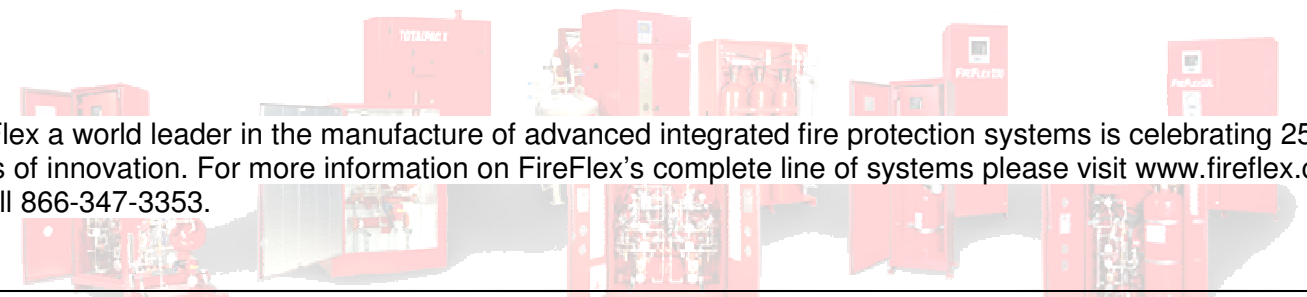

To Our Valued Customers:

Please note that further to some changes in the supply of certain products used in the manufacturing of our TotalPac-3 systems and to maintain the OSHPD approval where required by the authority having jurisdiction we now have to offer the OSHPD pre-approved version **as an option**.

Starting January 1st, 2017, when required, the OSHPD seismic version must be specified when ordering and consequently ordered **as an option**.

A list of revised prices and the configuration sheet showing the new option will be issued in the coming weeks.
